EDUCATION

National Institute of Technology, Raipur

2024 – Present

Master of Computer Applications- **CPI - 6.85 (Till 2nd Semester)**

Raipur, India

Devi Ahilya Bai University of Indore

August 2021 – August 2024

Bachelor of Computer Applications **CPI - 6.80**

Indore, India

PROJECTS

MASTER apex Website [🔗](#) [🔗](#) Next.js, Tailwind CSS

September 2025

- Developed and deployed the official agency website from scratch to serve as a digital portfolio for web and ad services.
- Utilized **Next.js** for server-side rendering (SSR) to ensure fast page loads and optimal **SEO performance**.
- Designed a fully responsive and modern user interface with **Tailwind CSS** and **Aceternity UI** components.
- Integrated dynamic page transitions and micro-interactions using **Framer Motion** to enhance user engagement.

DevDash - Developer Dashboard Extension [🔗](#) JavaScript, REST APIs, Chrome API **October 2025**

- Architected a feature-rich browser extension that transforms the new tab page into a personalized command center, centralizing developer workflows.
- Integrated **6 external REST APIs**, including GitHub, LeetCode, and Stack Overflow, to deliver real-time, dynamic data to customizable widgets.
- Engineered an intelligent caching mechanism using the **chrome.storage API**, drastically reducing redundant API calls and ensuring near-instant dashboard load times.
- Built on the modern **Chrome Manifest V3** platform and designed a responsive, 'glassmorphism' UI with pure CSS3, focusing on an intuitive user experience.
- Implemented a full suite of productivity tools, including a persistent to-do list and a Pomodoro timer, to enhance user focus and task management.

SKILLS

Programming Languages: C, C++, Java, Shell Scripting, Javascript, Python

Developer tools: Unix/Linux, Postman, VS Code, Git, Github, Web Sockets

Web Technologies: HTML5, CSS, TailwindCSS, React, Nodejs, Express.js, REST APIs, JWT
